- HTML/CSS Email Development (Responsive, Accessible, Dark Mode)

Work History

Digital Operations Specialist, Global Marketing

Russell Investments, Mumbai, India | June 2025 - Current

- Execute **end-to-end marketing automation programs** across email, forms, and landing pages using **Marketo and enterprise martech stacks**.
- Build and manage **triggered, nurture, and engagement programs**, configuring campaign flows, logic, and dependencies aligned to lifecycle stages.
- Implement **advanced audience segmentation and dynamic personalization**, improving message relevance across global regions.
- Configure and govern **UTM frameworks, tracking parameters, and attribution standards**, enabling consistent reporting.
- Execute structured **A/B testing within automation platforms**, analyzing performance to drive continuous optimization.
- Maintain **automation QA frameworks** covering data accuracy, triggers, suppression logic, accessibility, rendering, and compliance.
- Ensure **GDPR and consent compliance** across all campaigns, supporting audit-ready documentation.
- Partner with global marketing, analytics, and operations teams to **streamline workflows and reduce execution timelines**.
- Conducted regular reviews of operations and identified areas for improvement.

Web Developer Analyst, Marketing Operations

Accenture, Mumbai, India | February 2021 - May 2025

- Delivered **500+ automated email campaigns** using **Marketo, Eloqua, Salesforce Marketing Cloud, and Veeva Vault**, supporting global enterprise clients.
- Designed and executed **multi-step lifecycle journeys**, including onboarding, engagement, reactivation, and triggered communications.
- Built **dynamic and personalized campaigns** using tokens, data fields, and conditional logic to improve engagement rates.
- Owned **campaign setup, QA, deployment, and post-launch analysis**, ensuring accuracy under high-volume, fast-paced conditions.
- Developed and optimized **email templates and modular frameworks**, reducing build time and operational risk.
- Led **A/B testing initiatives** across automation platforms, documenting insights and standardizing learnings.
- Conducted **platform audits and quality checks**, identifying data, logic, and rendering issues before launch.
- Served as **Subject Matter Expert (SME)** for marketing automation, supporting global stakeholders and multiple regions.
- Mentored junior team members on **platform best practices, lifecycle design, and automation logic**.

- A/B Testing & Experimentation (Subject Lines, Content, Cadence, Send Time)
- Campaign QA, Rendering & Deliverability
- Litmus, Email on Acid
- Campaign Performance Reporting & Optimization
- UTM Tracking, Attribution & Governance
- GDPR, Consent Management & Data Privacy
